

Nagano Techno Foundation

1-18-1 Wakasato, 380-0928– Nagano City, **JAPAN**

Telephone: 0081-26-226-8101

Fax: 0081-26-226-8838

E-mail: techno@tech.or.jp; koyanagi@tech.or.jp (private)

Web site: <http://www.tech.or.jp/eng/>

Contact: Dr. Kimi Koyanagi (Project Manager)

At a Glance

Status: Non profitable organization for creating innovation activity onto local industries and supporting collaborative research between University and SME.

*Date of foundation:*2001

Employees: 37

Main Activity

The Nagano Techno Foundation main activities are:

- Introduction of advanced technology into local SMEs.
- Creating Consortium on specific technology.
- Managing the Knowledge Cluster Initiative Program at nanotechnology smart devices in Nagano Prefecture.
- Human resources development.

Company Strengths

INNOVATIVE PROCESSES/SERVICES/PRODUCTS:

- The Cluster Initiative Program
- CNT composite materials
- Surfactant nano particle
- DeskTop Factory (Micro Machines)

NETWORKING:

- Create Universities and SMEs networking
- Create SMEs networking

Sector

NANOTECHNOLOGY

- Coatings/Thin films
- Composites
- Fibres
- Inorganic
- Nanomaterials & Chemistry
- Organic
- Others: Surfactant nano particles

Type of Cooperation

- ACTIVATION OF NEW PROJECTS (R&DT)
- JOINT CREATION OF AN ENTERPRISE OR CONSORTIUM

Partnership Proposal

Nagano Prefecture is rich of technology in the manufacturing industry, especially in relation with ultra high precision industry. They would like to foster technological exchange and collaboration, matching not only Nano technology but other advanced technology.
